

## Pennsylvania Council on the Arts

### Arts in Education Partnership Letter of Interest

**Letter deadline: June 14, 2019**

#### Background:

The Pennsylvania Council on the Arts (PCA) promotes educational excellence through participation in the creative process in schools and community settings. Study of the arts provides key skills that lead to success in school and the workplace, building Pennsylvania's future pool of innovators and creative thinkers. The PCA provides funding for arts in education programming; collects and disseminates relevant information; and offers professional development opportunities for artists, educators and organizations.

The PCA's AIE Partnership enables the PCA to work with and through regional partners to expand the impact of arts learning across the state and leverage additional local resources. Partners administer artist residencies, provide technical assistance to and professional development for artists, educators, administrators, community members; and advocate on behalf of and develop increased financial support for arts in education.

PCA Arts in Education Partners will agree to support and implement the partnership program in accordance with the PCA's AIE Open Application Guidelines. Please review these guidelines prior to submitting your letter of interest to ensure a solid understanding of the program and requirements.

#### **Please complete the following:**

Organization Name:

Year Established:

FEIN#:

Address (including county):
