MISSION

The mission of the Pennsylvania Council on the Arts (PCA) is to strengthen the cultural, educational, and economic vitality of Pennsylvania's communities through the arts.

OVERARCHING VALUE: DIVERSITY, EQUITY, AND INCLUSION

Promote equitable access for all Pennsylvanians to participate fully in a creative life and in the diverse forms of arts and culture in the commonwealth.

OVERVIEW

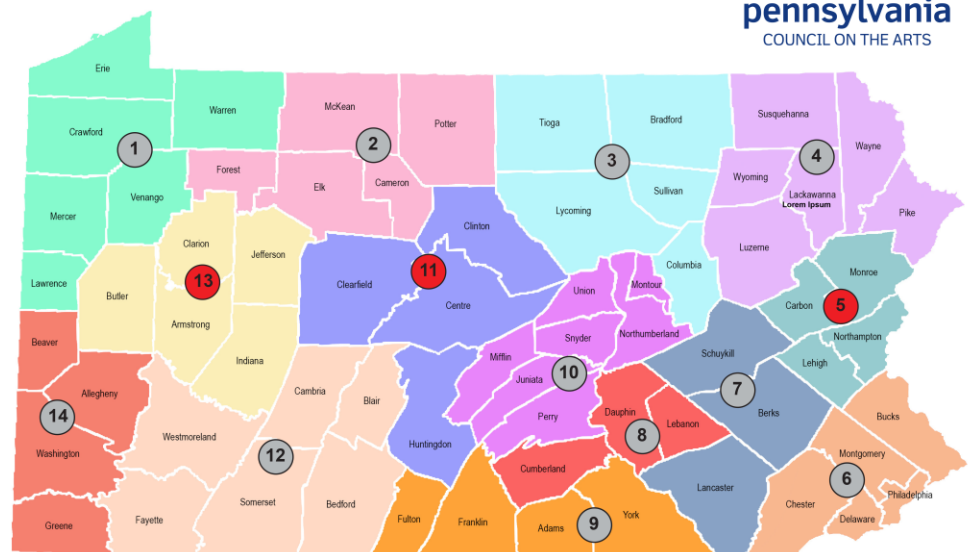

Pennsylvania Partners in the Arts (PPA) is the PCA's regional re-granting program. Regional partner organizations re-grant state arts funds based on published criteria provided by the PCA to support a wide variety of local and community arts projects and programs.

Since PPA's implementation in 1997, the PCA has been able to steadily expand the availability of state arts dollars to many new communities. Thousands of organizations, projects and programs have received funding. By providing local administration and technical support and a streamlined application process, PPA has created unprecedented access to state arts funding.

Historically, PPA has two funding streams for applicants, Project Stream and Program Stream. Typically, Project Stream is designed to make small grants up to \$2,500 for one-time or sporadic arts projects. Program Stream is designed to provide ongoing support to arts organizations and arts programs that conduct ongoing arts activities.

Goal III. - Increasing awareness of and advocacy for government support and funding of the arts at the local and state levels.

Goal IV. - Enabling the PCA to provide increased assistance to its broad constituency throughout the state.
