Folk & Traditional Arts Infrastructure Program

FOLK ARTS PARTNERSHIP

LETTER OF INTEREST

Due date: February 28, 2022, at 5 p.m. EST

Background:

The Pennsylvania Council on the Arts (PCA) fosters excellence and continuity in the folk and traditional arts throughout the commonwealth. Folk and traditional arts are defined as those artistic traditions characteristic of specific ethnic, religious, linguistic, occupational, or regional groups. These arts are shaped and shared within families, neighborhoods, and communities. They are passed down from one generation to another and learned through on-going participation in community-based activities, and through observation, practice or apprenticeships with elders and master practitioners. Traditional artists, through their creativity, excellence, and dedication, reflect each community's history, practices, beliefs, and values. Their work thrives because it is a powerful expression of their community's experience.

The goals of the Folk and Traditional Arts (FTA) Program are to investigate, document, present, sustain and promote the folk and traditional arts of Pennsylvania in order to celebrate our diverse heritage. We accomplish our goals by supporting the programs and resources offered by our folk-art partner organizations and through an annual Folk & Traditional Arts Apprenticeship grant which support individual artists.

The PCA Folk & Traditional Arts Partnership is a statewide system of local and regional non-profit organizations that form a mutually supportive network and specialize in, or include, a focus on folk and traditional arts. FTA Partnership organizations engage in work and present activities that enhance the visibility, access, and support of folk arts across Pennsylvania.

The PCA Folk & Traditional Arts Partners will agree to support and implement the partnership program in accordance with the PCA's Folk & Traditional Arts Open Application guidelines. Please review the guidelines prior to submitting your letter of interest to ensure a solid understanding of the program and requirements.
