ITEM 6 ACTION Proposed Grants Budget for 2015-2016

Discussion and comments by Amy Gabriele, Deputy Director for Administration

Ms. Gabriele pointed out the $1 million increase in grants. The proposed grants budget is based on this increase. She noted that the amount LINE ITEM 256 NON PARTNER $28,443 should be $44,498. This is because the grant to the School District of Philadelphia will be made to the Philadelphia Arts in Education Partnership, the PCA’s AIE partner.

Mr. Horn noted that certain items are marked to indicate that these funds will now be paid out of the PCA administrative budget. Federal funds have been moved from grants to administration to cover the additional cost in the administrative budget. This means that virtually all NEA money is now going to administration. Mr. Horn said that he will ask that any increases in grants funding be provided to administration so federal funds can be moved back to grants.

Mr. Pullo asked about line items marked for administration.
Mr. Horn explained that for example, contractor and consultant fees will now be paid for out of the administrative budget.

Ms. Gleason asked Mr. Horn to explain the funding formula for this year. Mr. Horn explained that after changing the application form last year only half the applicants have been reviewed with the new form.

Mr. Horn recommended that the Council not use the assessment numbers (scores) until the other half of the applicants have been reviewed and scored this year.

Mr. Horn recommended an across the board increase for those receiving annual grants as listed in the council materials.

Mr. Horn advised the Council that the staff is contacting all 600 annual grantees to advise them of the grants process for this year.

Ms. Goldberg asked about line item 66. Budgeted for $50,000 but a budget of $200,000.
